## **MEDICAL STABILIZATION**

Medically Supervised Withdrawal  
Management for alcohol, benzodiazepines, and opioids

**TREATING: Patients with Severe Medical Complications such as: seizures, hypertension, chronic infections, diabetes, etc.**

Located on the 3<sup>rd</sup> floor of the Hospital, the Medical Stabilization program will provide safe treatment during a difficult time, both physically and emotionally, due to withdrawal.

While on the unit the patient will receive:

- \* Medical care;
- \* Medical interventions to assist with managing withdrawal symptoms;
- \* Substance abuse counseling; and
- \* Individual, group, and family therapy.

*Referrals to the Medical Stabilization program are made through the Emergency Department. Referrals received through the 24 hour intake hotline (618-332-4038) are also referred to the ED for medical screening.*
